OBJECTIVE

Aspiring Full Stack Developer passionate about Cybersecurity, seeking to apply strong programming, frontend, and secure development practices to build reliable, user-focused, and security-aware web applications.

EDUCATION

Bachelor of Engineering in Computer Science (Cyber Security)

K.S.R. Institute for Engineering and Technology, Namakkal

CGPA: 8.90 (up to 5th semester) 2023–till date

Higher Secondary Certificate, Government Girls Higher Secondary School, Tiruchengode

Percentage: 75% 2022–2023

Secondary School Leaving Certificate, Government Girls Higher Secondary School, Tiruchengode

Percentage: 89% 2019–2020

PROJECTS

- **Offline Secure LLM Chatbot (UI & Backend – 80% Completed):** Worked on both frontend and backend development while learning how offline Large Language Models function in a secure environment. Technologies: Ollama, Mistral, Java, Docker
- **IoT Smart Silk Farm Automation (75% Completed):** Implemented sensor connections and automated fan control with real-time monitoring and live data visualization on a cloud dashboard. Technologies: ESP8266, DHT11, Embedded C, ThingSpeak
- **Weaver Connect – Direct Seller Platform (Frontend – 65% Completed):** Designed and developed frontend components for a direct buyer–weaver interaction platform while continuing to learn backend integration. Technologies: HTML, CSS, JavaScript, Bootstrap, React

INTERNSHIP

- **United Soft Solutions — Networking & Cybersecurity Intern (June 2024):** Achieved strong foundational understanding (85%) in networking concepts including TCP/IP, ports, and basic cybersecurity practices through hands-on and guided learning.
- **Cube AI Solutions — LLM Security Intern (June 2025):** Working-based internship (70%) focused on understanding LLM basics, secure chatbot concepts, and introductory privacy-aware AI system design.

CERTIFICATIONS

- **Certified Red Team Analyst (CRTA) – CyberWarFare Labs (CWL) [Global Certification]**
- Android Development — AICTE EduSkills
- NPTEL Industry 4.0 & IIoT— Elite + Silver (87%)

ACHIEVEMENTS

- StartupTN Innovation Program — Top 5 Rank for Weaver Connect project: Recognized for presenting an innovative direct seller platform concept.
- Google Cloud Study Jam – Earned exclusive Google swags and recognition through active participation in Google Cloud learning activities.

SKILLS

- **Programming Languages:** Java, Python
- **Web Development:** HTML, CSS, JavaScript, Bootstrap, React
- **Database:** MySQL, MongoDB
- **Cybersecurity:** Network Security, TCP/IP, Port Analysis, Vulnerability Basics
- **Applied AI:** AI-assisted Problem Solving, LLM Systems, Secure AI Workflows
